SENATORS BEAT SOX, 5-1; CUBS WHIP BEES, 4-0

FERRELL DEALS CHICAGOANS 9TH DEFEAT IN ROW

Six Hits Rattle Off Hose Bats.

BY EDWARD BURNS.
[Chicago Tribune Press Service.]

Washington, D. C., June 3.—Now it's nine straight losses for the White Sox. The lads continued to fight like wildcats today in an effort to earn at least a small fraction of the generous pay they receive from J. Lou Comiskey, but Wes Ferrell just wouldn't throw the ball where they were swinging their bats, so they lost the final to the Washington Senators, 5 to 1.

The Sox actually had the score tied at the end of the first half of the third, but in the home third Al Simmons—you remember Al—socked a homer with Ossie Bluege on base. After that it was just a matter of running out the string to give Ferrell his eighth victory of the season.

Held to Six Hits.

The Sox run average faded off a little as a result of the day's misfortune. For the first eight games of the losing streak the boys had raced around the bases for an average of 1.625 runs per game, but for nine games the average is reduced to 1.556. The Sox made six hits, which is approximately their average for each game of their successive failure chain. None of the smashes today was for more than one base.

Except for several of the more outstanding flops on the roster, Manager Dykes' stalwarts are in effervescent spirits and many are even in an optimistic mood, confident of a victory or at least a couple of runs in one of the games of the Philadelphia series, which opens tomorrow.

Each side wasted a hit after two were out in the first inning today. In the Chicago half Steinbacher singled after Berger and Hayes had been retired. In the Washington half Simmons doubled after Bluege and Lewis had supplied outs. Then Lee tossed out Stone.

Owen Doubled Off First.

After Walker had flied to Simmons to get the second inning under way, Kuhel walked and went to third on Owen's single to center. Schlueter lined to Lewis and Owen was doubled off first.

The Senators broke into the scoring column with an unearned run in the home second. After Hayes had thrown out Bonura, Travis bounced to Kuhel and was safe when Lee missed the bag in trying to cover first. Case doubled to center, Travis stopping at third, whence he scored while Rick Ferrell was rolling out to Kuhel.

The Sox tied the score in the third. Berger walked with one out and went to third on Hayes' single to right. Steinbacher bounced to Bonura, who threw to the plate too late to get Berger. Kreevich forced Steinbacher and Walker forced Kreevich.

Simmons Hits Homer.

Bluege opened the Washington third with a single to center. Lewis popped to Berger, but Simmons drove a 410 foot homer into the left field bleachers, scoring behind Bluege. Bonura was safe on an error and Travis on a hit later in the inning, but Lee struck out Case to retire the side.

The Senators added their fourth run in the fourth. Rick Ferrell opened with a double, advanced on Wes Ferrell's sacrifice, and scored on Bluege's fly to Kreevich.

With two out in the sixth, Walker singled to center for the fifth Chicago hit, but Kuhel, embarrassed perhaps by wide publication of the fact that Zeke Bonura yesterday drove in as many runs in two times at bat as Joe has driven in all season, fanned.

The sixth inning produced the Senators' fifth run. Rick Ferrell walked and scored when brother Wes banged a 400 foot double off the left field wall.

Austin won the senior and Tilden the junior track championships of the Chicago Public High School league yesterday at the University of Chicago. Austin scored 39½ points, Tilden 27.

Yesterday's competition was confined to track events, the field tests having been held May 27.

No records were established, but one was tied when Kleber of Schurz ran the 120 yard low hurdles in the junior division in 15 seconds. The record was set by Simon of Hirsch in 1923.

In the same division Watt of Tilden ran the 660 in 1:29.9, which was five-tenths of a second short of the record made by Ramsey of Hyde Park in 1929. Summaries:

SENIORS.

880 YARD RUN—Won by Randall, Bowen; Jones, Du Sable, and Lambert, Senn, tied for second and third; Wiegand, Hirsch, fourth; Conners, Hyde Park, fifth. Time—2:02.8

LIGHTNING HITS IN GOLF MATCH CROWD; KILLS 2

(Picture on back page.)

Kansas City, Mo., June 3.—(AP)—Lightning killed two spectators and injured six others, one seriously, in a storm which stopped the first round of Kansas City's $5,000 golf tournament today.

William D. Boyle, 60 years old, prominent contractor, and E. M. Critchfield, 38, a credit manager, were killed near the ninth green of the Hillcrest Country club course. Thomas J. Cunningham, a board of trade employe, was severely burned.

The tragedy occurred while the nation's leading golf players were driving through a downpour of rain. Boyle, Critchfield, and Cunningham were standing with a separate group of about 15 spectators beside the ninth green, watching a threesome of players made up of Horton Smith, Chicago; Leonard Dodson, Springfield, Mo., and Leland Gibson, Kansas City, come up the ninth fairway.

P. DEAN REFUSES ROCHESTER JOB; PLANS APPEAL

St. Louis, Mo., June 3.—(AP)—Paul Dean still was in St. Louis tonight and is determined to stay.

"I can pitch just as good for the Cardinals as for Rochester," he said. Received back from Houston of the Texas league, Dean was optioned yesterday to the Cards' Rochester International league farm.

Paul said he intended to ask Baseball Commissioner Kenesaw M. Landis for advice, and might appeal to him if the Cardinals insist on his transfer to Rochester.

PIRATES REJECT TERRY'S OFFER FOR PEP YOUNG

Pittsburgh, Pa., June 3.—(AP)—Bill Terry went knocking on another door tonight in search of a second baseman for his New York Giants.

Manager Pie Traynor of the Pittsburgh Pirates, feeling frisky at his team's 6 to 5 triumph over the National league champions, rejected a proposed deal which would bring Outfielder Wally Berger and Infielder Lou Chiozza here for Lemuel [Pep] Young.

BRITISH GOLFERS CAPTURE LEAD IN WALKER CUP PLAY

Hold 2 to 1 Advantage Over Americans.

ST. ANDREWS, Scotland, June 3.—(AP)—Great Britain's Walker cup golfers solved the secret of the lightning fast greens of old St. Andrews with greater consistency today than their United States rivals.

As a result, the end of the opening day's Scotch foursomes matches found Britain leading the trophy defenders, 2 to 1.

Of the four American combinations, only British Amateur Champion Charley Yates of Atlanta and Ray Billows of Poughkeepsie, N. Y., came through. And even they had to hang on for dear life to beat Charles Stowe and Alex Kyle, 3 and 2, after being 7 up with nine to go and then dormie six.

Goodman, Ward Lose.

The all-Scottish combination of Hector Thomson and Gordon Peters, used to the tricky greens and the alternate stroke Scotch foursome technique, turned back U. S. Amateur Champion Johnny Goodman and Marvin [Bud] Ward of Olympia, Wash., 4 and 2, and the all-England duo of Leonard Crawley and Frank Pennink triumphed at 2 and 1 over Fred Haas Jr. of New Orleans, and Reynolds Smith of Dallas, who were completely baffled by the mirror slick, freshly mowed greens.

In the other match, the U. S. No. 1 pair of Johnny Fischer of Cincinnati and Charles [Chuck] Kocsis of Detroit finished all square at the end of 36 holes with Jim Bruen, 18 year old Irish golfer, and Harry Bentley, after the Americans had been three up at 18 holes and two up at 27.

Loyal Britons easily found cause for cheer even in that outcome for, if it hadn't been for a disputed decision on the 21st hole, Bentley and Bruen, who played the last nine holes in 32, five under par, might have made the score: Great Britain, 3; United States, 1.

Plays Out of Turn.

At the 21st, with his team still three up, Fischer played out of turn. The rules of golf decree that, in such a case, the hole automatically shall be awarded to the other team. But Bentley and Bruen refused to accept the penalty; Harold W. Pierce of Boston, United States Golf association vice president, who was referee, didn't call it, and the match continued to a finish that left British observers and galleryites dissatisfied.

Even so the British showing definitly was heartening to supporters who have seen the Americans win each of the previous nine matches, with the 9-0 shutout at Pine Valley, N. J., in 1936 topping off the list. Today's victories were the first Britain has scored since 1934, and the first time it had led in Scotch foursomes since 1923.

Yates and Bruen will lead off the singles tomorrow at 9:30 a. m. [3:30 a. m., E. S. T.]. Behind them, at 10 minute intervals, will come Goodman vs. Thomson, Fischer vs. Crawley, Kocsis vs. Stowe, Ward vs. Pennink, Billows vs. Cecil Ewing, Smith vs. Peters, and Haas vs. Kyle.

In the Wake of the News

BY ARCH WARD.

THE Memorial day fight between Joe Cronin, manager of the Red Sox, and Outfielder Jake Powell of the Yankees generally was looked upon as a poor match, because few want Powell to get even a draw any time he goes. . . . A much better scrap, it is said, would be one between Powell and Johnny Allen of the Indians. . . . Then folks could enjoy the battle without caring who got licked, according to a consensus of American league players. . . . Lou Gordon, former Illinois and Green Bay Packer tackle, now employed in the physical education department at Lane High school, will marry Miss Myrtle Sabath, June 19. . . . The University of Wisconsin hasn't lost a dual track meet in nearly six years. . . . The mutuel handle is about 10 per cent off this season at tracks over which Col. Matt Winn presides. . . . The business slump apparently isn't worrying the colonel. . . . He will be 77 his next birthday, but he easily could pass for 65. . . . Ray Hayworth, Detroit catcher, is regarded the best rifle shot in the major leagues, despite Lon Warneke's long record as a squirrel barker. . . . One hundred and ninety organized baseball teams will play night games this season. . . . Friends of C. V. Whitney say he will be back in racing and represented by a big stable as early as next year. . . . He sold all his racing stock last fall and announced his retirement from the turf. . . .

Coach Billy Webb of the White Sox says he considers Stan Hack of the Cubs one of the best all around infielders he has seen in a National league lineup in the last twelve years. . . . Lou Chiozza, the Giants' second baseman, is an accomplished ventriloquist. . . . Clayton Cook, Illinois state amateur league pitcher who struck out twenty-one batsmen in a game at Hamilton park last Sunday, was signed by a Brooklyn scout and will join the Dodgers when they next appear in Wrigley field. . . . The Phillies gave up hope when a filly did not win the Kentucky Derby. . . . The last time they gained a pennant was in 1915 when Regret, the only filly that has won the famous race, came home in front.

In June.

There's a butterfly convention
Down by the garden wall,
They flutter gently in the breeze
And yet they never fall.
Their coloring is exquisite,
Mostly yellow trimmed in black,
They fly across the clover fields,
But they always come right back.
In June they meet together
To compare their satin wings,
I wish they'd stay forever
They are such lovely things.

So. California Qualifies 13 for Finals of I. C.-4 A. Meet

New York, June 3—(AP)—Picking up where they left off in triumph three years ago, Southern California's Trojans put on a preview of their track and field prowess today to emphasize the prospect they will easily win the eastern intercollegiate A. A. A. A. team title tomorrow for the eighth time.

The Pacific Coast conference champions dominated the qualifying trials conducted in 11 of the 15 championship events at Randalls Island stadium. Southern California collected 13 places in eight events.

California Impressive.

It may be one-two again for the Pacific coast, for the University of California looked today to have at least an even chance of outscoring the east's leading teams in the contest for second place. Cornell, team winner in 1936, showed sufficient strength in the track events to qualify nine men, for second place in today's trials, but it was doubtful whether the Ithacans carried any more threat than California, Pittsburgh, and Yale, each of which placed eight athletes in the trials.

Columbia's six qualifiers included the defending sprint champion, Ben Johnson, and the Light Blue was not without its hope of taking part in the consolation scramble. Michigan State, with five qualifiers, led the challenge of the midwest, which also will be represented in the finals by Marquette.

John Woodruff, colored star of Pittsburgh's title defending team, flashed enough of his speed in the trials to warant the prediction he will repeat last year's conquest in the 440 and 880 yard races.

Greer Sets Record.

Michigan State's Wilbur Greer emerged as one of the leading sprinters by dashing 100 yards in 9.7 seconds This clipped one-tenth second off Johnson's track record for the Randalls Island stadium.

BILL LEE STOPS BOSTON TEAM ON THREE HITS

Completes His 32d Shutout Inning.

BY IRVING VAUGHAN.

Sensational pitches continued to roll from the right arm of Bill Lee yesterday. Maintaining the pace he established for himself when he did his about face against the Giants two weeks ago, the General wielded his whitewash brush and his touch was so artistic that his foes, the Boston Bees, succumbed on three hits while the Cubs were galloping to victory, 4 to 0. Included in the gallop was a gain on the pace making Giants who are now only one and a half games ahead.

Lee's fifth successive job of amazing pitching was simplified by what his fellow workers did in one inning to the aged Lou Fette. The old man was pretty good until the fourth when the bats of Augie Galan, Rip Collins, and Bill Jurges wrapped base hits around a couple of passes, the net production being three runs. Later on they nicked Fette for another run and while this wasn't needed it provided additional amusement for 7,495 cash customers and 15,200 women guests.

Lee Checks Bees.

During his fourth shutout in his last five starts, Lee didn't permit his enemies to do much exploring on the base lines. Only five of them reached first, two on passes. Of the five, only two reached second, which was where they were stopped. Even the two advances to second weren't earned. It was because of Big Bill's two gifts. He handed out one pass after a single in the third. He did the same after a single in the fourth. In the remaining five innings the Bees were winged in order except in the seventh, when four batted because the third and last single was produced.

Lee's current streak began May 19 at New York, prior to which he had suffered extensively. He trimmed the champions that day, 1 to 0, in ten innings. On May 23 he whipped the Bees in Boston, 4 to 1, the run scoring in the fourth inning. On May 27 he blanked the Pirates, 5 to 0, and on May 30 did it to the Reds here, 3 to 0. Thus he has compiled thirty-two successive runless innings and forty-seven innings on one run. The latter total includes his last inning in the game of May 15 against the Pirates.

Galan's Triple Starts Rally.

The profitable Cub fourth opened with Galan's fly, which dropped into the right field corner for a triple. Fette was so disturbed by this happening that he walked both Demaree and Hartnett, loading the bases with none out. Reynolds put a crimp in the impending rally by grounding into a double play on which Galan scored. Collins and Jurges, however, made amends for Reynolds' oversight. The former singled to right to score Demaree. Collins continued his travels by stealing second and then went the remainder of the distance on Jurges' single over short.

In the eighth inning the Cubs brewed another run from two infield hits. Hack figured in half this incident by beating out a high bounder to Cuccinello before any one was retired. Herman bunted him to second. Galan clouted a grounder to the left of Cuccinello, who slapped down the ball but went so far before turning back that Hack had time to score from second.

Lee Fans Two.

Despite his brilliance Lee was unable to fashion a strike out until the finish was almost reached. He slipped over three strikes on Gilbert English, who batted for Fette to start the eighth. Then he did the same to Debs Garms for the first out in the ninth, after which Moore and Cuccinello flied to the outer precincts.

BY FRENCH LANE.

A horse race is coming up at Lincoln Fields this afternoon that should be one of the most thrilling of the year in Chicago. It is the $5,000 Steger handicap at 7 furlongs. Any way you figure it at least eight horses have a chance of winning. The favorite should be 3 to 1 or more. If there is crowding and bad racing breaks for some of the leading contenders any horse in the race might come along and win at tall odds.

Preëminent Is Favorite.

That 3 to 1 favorite will be Preeminent, beaten a nose in the Crete handicap of last Monday by Warren Wright's Cross Bow II. Cross Bow II. will share second honors in the betting with Mucho Gusto. Last night each was held at 4 to 1.

Five others that could win without causing an upset are Arab's Arrow at 5 to 1, Mountain Ridge at 8 to 1, King's Blue at 8 to 1, Leading Article at 12 to 1, and Cardarrone at the same odds.

Others Have Chance.

And at times Reaping, Miss Dolphin, and Chance Ray have been good enough to beat any horse. The Steger will be run as the sixth race. Last week when Cross Bow II. beat Preëminent by a nose he carried six pounds less than the big Kentucky flyer. Today he carries only three pounds less than Preëminent.

Old Repaid, hero of scores of turf battles, a stake horse when in his prime, the lowliest selling plater in his later days, checked out of the racing picture at Lincoln Fields yesterday.

He was engaging in a morning speed trial when one of the bones in his ancient legs snapped. It became necessary to destroy him.

It may become necessary to employ guides for the jockies at Lincoln Fields.

Jocky Irving Anderson wanted to claim a foul after he had been beaten on Dark Sun by Cloud d'Or in the fourth race. The rider started for what he thought was the judges' stand. He wound up in Col. Matt Winn's office on the other end of the third floor of the clubhouse. When he arrived at the judges' stand the race had been declared official and most of the tickets on Cloud d'Or had been paid.

First National Softball Team Triumphs, 6 to 2

First National's softball team defeated City National, 6 to 2, in a Bankers' Softball league game in Lincoln park yesterday. In other games, Chicago Title and Trust won from Northern Trust, 13 to 7, and Continental-Illinois triumphed over Personal Loan, 8 to 2.

Calm Lake, No Pike; Rippling Water, Plenty!

BY BOB BECKER.

On our recent trip through Wisconsin fishing country we had a good opportunity to see how weather affected fishing. And we also kept our eye on the solunar theory of the preferred fishing hours of the day and the way this theory might affect the activity of wall-eyed pike and muskalunge.

One of the most difficult fishing conditions, in our estimation, is a perfectly calm lake, especially if the lake is quite clear. To try to work a bar for muskies or wall-eyes when the lake hasn't a ripple always presents a problem.

One morning on Long lake the weather was bright, there wasn't a breath of wind, the air was oppressively warm, and we cruised for several hours trying to interest a school of pike in our wares. We didn't get a single strike.

About 1:30 the wind put a dandy ripple on the water. We immediately headed for the north end of the lake to check up on the pike situation. Incidentally, the solunar theory indicated that the most favorable time for fishing was from then on to about 3 or 3:30. We hit a school of fish about 100 feet from shore on a broad bar fringed with weeds.

As soon as we located this school we rigged up a fly rod. The outfit consisted of an 8½ foot rod, a rather long leader and a spinner lure. We can cast this from the boat or slowly troll it behind, always keeping the outfit moving a little. It was rather interesting that the fishing was pretty lively until about 3:15 p. m., slumped badly in the next 30 or 45 minutes, was about over by 4 p. m., and at 4:30 we headed for home. The fish had hit during the indicated feeding time.

Paul Waner Makes His 2,500th Hit.

Pittsburgh, Pa., June 3.—(AP)—The New York Giants added a pitching collapse to their hitting slump today and lost a 6 to 5 decision to the Pirates. The defeat, their fourth in a row, shaved the New Yorkers' league lead to a game and a half over the Chicago Cubs. The victory boosted the Pirates to fourth place.

Paul Waner, collecting three hits in four times at bat, was the batting hero for Pittsburgh. The three singles boosted him into the "2,500-hit club" for his career. He is the only player active in the National League today who has 2,500 or more hits to his credit. Score:

RUFFING PITCHES; DI MAGGIO HITS; YANKS WIN, 5 TO 1

New York, June 3.—(AP)—Red Ruffing carved himself another pitching masterpiece and posted his seventh victory of the year in hurling the Yankees to a 5 to 1 victory over the Detroit tigers today. He had some timely hitting help from Joe Di Maggio, who snapped out of his slump with a single and his seventh homer of the year; Tommy Henrich, who drove in two runs, and Bill Dickey, who batted in another.

FORMER COACH AT COLUMBIA COLLEGE DIES

Dubuque, Ia., June 3.—[Special.]—Jerry Jones, 38 years old, football coach of Columbia college from 1931 to 1934, died at the Mayo clinic in Rochester, Minn., last night from a sinus infection, according to word received here today by college authorities. Jones was a star tackle while at Notre Dame from 1914 to 1916. He also saw service in the world war. His home was in Tulsa, Okla., where the body will be taken for burial.

French to Pitch for Cubs Today Against Phillies

The Phillies will be at Wrigley field today for the first of a three game series with the Cubs. Larry French will pitch against them in the opener. The Phils' starter will be Hugh Mulcahy.

Diz Dean was in the pre-game practice again yesterday. He dispensed fifteen minutes of batting practice pitching. According to the fellows who hit against him he had a lot on the ball.

The $10 Larry French expended on a baby bear a few days ago may prove a profitable investment. He has already had several bids of $25 for the pet. Animal taming is old stuff for the left hander. For two years he had a bobcat for a companion.

Augie Galan gave the gals a chance to test their screeches in the second inning. He raced in toward the infield and put over a shoe string catch of Gene Moore's low liner.

Northeast Takes Lead in Women's Golf

Aided by two slams, made by Mrs. Howard Greene of Skokie and Mrs. Frank Mayer of Lake Shore, each of whom scored 9 points, the Northeast section took the lead in the women's intradistrict team golf matches at Indian Hill yesterday. The team of four players made 27½ points, against 22 made by the South team, champions for the past two years. The match was the first of four during the summer, the next one of which will be held at Medinah on July 6.

Mrs. A. R. Copeland of Beverly and Miss Eleanor Dudley, Ridge, were the mainstays for the South, the former getting 8½ points and the latter 7.

Mrs. Copeland's 85 was also the low medal card. Miss Dudley and Mrs. Mayer had 89; Miss Ellamae Williams of the West team and Mrs. Vilas Norton of the Northwest team had 90s.

Each team is made up of the four ranking players in the section, regardless of club affiliations. The standing after yesterday's first matches:

Northeast section, 27½ points; South, 22; West, 12½; Northwest, 10.

The summary, listing the section, player, club, and points:

FIRST DIVISION—Northeast, Mrs. Charles Dennehy, Onwentsia, 3½; south, Miss Eleanor Dudley, Ridge, 7; west, Miss Ellamae Williams, Medinah, 6½; northwest, Mrs. Howard Seehausen, Sunset Ridge, 1.

SECOND DIVISION—Northeast, Mrs. Abel Davis, Lake Shore, 6; south, Mrs. A. R. Copeland, Beverly, 8½; west, Mrs. George C. Davis, Oak Park, 1; northwest, Miss Elizabeth Wing, Glen View, 2½.

THIRD DIVISION—Northeast, Mrs. Frank Mayer, Lake Shore, 9; south, Mrs. W. D. Goodman, Ravisloe, 2½; west, Mrs. John Kay, Medinah, 1; northwest, Mrs. Vilas Norton, Glen View, 5½.

FOURTH DIVISION—Northeast, Mrs. Howard Greene, Skokie, 9; south, Mrs. E. H. Whittaker, Ridge, 4; west, Mrs. Connell Clifford, Edgewood Valley, 4; northwest, Mrs. D. F. Comstock, Illinois, 1.

MAROON TENNIS, BASEBALL TEAMS ELECT CAPTAINS

Next year's University of Chicago baseball and tennis teams will have co-captains, it was announced on the Midway yesterday following elections among spring sport squads. Members of the track team deferred until next winter the choice of a captain.

Chester Murphy and his twin brother Bill, Big Ten doubles champions and winners of their brackets in the conference singles play, were elected co-captains of the net squad for 1939. The Murphys live at 5752 Maryland avenue.

Laurence Klass, 5449 Greenwood avenue, and Robert Meyer of Hinsdale were elected co-captains of the 1939 Maroon baseball team. Klass, who attended Hyde Park High school, alternated at shortstop and second base during the last season. Meyer played first.

Froehling Elected Captain of Northwestern's Net Team

Frank Froehling, a junior, was elected captain of the 1939 Northwestern university tennis team yesterday. Froehling, who lives in Chicago, and Capt. Mary Wachman of this year's team went to the doubles finals in the Big Ten meet.

And in Platteville, Too!

A charitable woman, much interested in a poor neighborhood, noticed that whenever she called on a protégé she invariably saw a down and out appearing fellow at the street corner. One morning, taking compassion on him, she pressed a dollar into his hand and whispered, "Never despair."

Next time she saw him he stopped her and handed her $9.

"What does this mean?" she asked.

"It means, M'm," he answered, "that Never Despair won at 8 to 1."

Begin City Net Play Today at Beverly Hills

The annual Chicago city tennis tournament will open today in the men's and women's divisions at the Beverly Hills Tennis club. The junior boys and girls will start Monday and the doubles Wednesday.

The field is good despite the fact that the seed for men includes but one national ranking star. He is Bobby Riggs, No. 2. He is seeded first for the impending tournament.

Behind him, in the order named, in the seed are Johnny Shostrom of the University of Chicago, Big Ten singles champion; Chester Murphy, defending city titleholder; Bill Murphy, Norman Bickel, Norbert Burgess, Carl Fischer, Thane Halsted, Marvin Wachman, and Seymour Greenberg.

SKOKIE WORKS ON REVISION OF ITS GOLF COURSE

Club Invests $60,000 in Remodeling Layout.

BY CHARLES BARTLETT.

Guests at the Skokie Country club these days are finding the course, one of the oldest in the Chicago district, undergoing a variety of transformations, face liftings, shampoos and sundry other operations. Founded in 1897, the club is proceeding with a number of revisions which will make its golf yard one of the championship layouts of the country. The estimated total cost of the changes is $60,000. They are expected to be completed by next Memorial day.

The changes will be considerable, but the feature of all of them will be a new lagoon system at the southeast corner of the Skokie property, adjacent to the east diversion ditch of the Skokie lagoon flood control project. This lagoon system on the course, according to Elwood G. Glass, chairman of the club improvement committee and Thomas G. McMahon, chairman of the greens committee, will provide it with an ideal system of flood control. It will also allow Skokie to impound the excess water from a surrounding territory approximating 700 acres, making for perfect drainage and irrigation.

Use Two Sets of Tees.

From the playing standpoint, the new course will provide real sport for both the expert and the duffer, its supporters feel. The new holes are designed to give excitement to the low handicap man who craves it and to add no unnecessary burdens or impossible obstacles to the average or mediocre player. Two sets of tee markers will be used, the long giving a par of 36—37—73 over a 6,810 yard course, and the short, or front tees, providing a 35—35—70 par over 6,250 yards. Skokie's present regulation par is 35—37—72 and its yardage 6,573.

The present 14th, 15th, and 16th holes will be eliminated.

Layout Is Changed.

The present tenth hole will be the first on the new layout, while the existing first will become the tenth. The present second, eighth, ninth, 17th and 18th will remain as they are. The 1938 eleventh hole will become the 14th next year, with the tee moved westward, and the present No. 12 will become the fifteenth of the new course. The new seventh hole will be a combination of the existing sixth and seventh, and will be a fine right to left par five dog leg. The new No. 12 is expected to be one of the best water holes in the central states for it is a duplicate of the famed sixteenth at California's Cypress Point course. It will call for a 180 to 240 yard shot over water from a long tee.

HIGH TARIFS CUT MEXICAN BUYING OF U. S. GOODS

April Drop Is 60 Per Cent from Year Ago.

Washington, D. C., June 3.—(AP)—High tarifs reduced United States exports to Mexico almost 60 per cent in April, the commerce department reported today.

The Mexican tarifs, which were boosted about 200 per cent in January and have been reduced somewhat since April, cut April exports to Mexico to $3,938,000, compared with $10,616,000 in the same month last year.

Most Nations Buy More.

Mexico provided one of the few exceptions to the tendency of nearly every major customer in the world to buy more from the United States in April this year than in the same month last year.

The United States, on the other hand, curtailed its merchandise purchases in nearly every part of the world. The warring nations of China and Japan continued in April to buy more from the United States than they did a year ago and to sell less.

Exports Listed by Countries.

April exports this year and last year to principal countries were:

that Ernst Lubitsch, Paramount producer, received $260,833 and Actress Claudette Colbert $248,055.

Gen. Robert E. Wood, president of Sears, Roebuck & Co., received $100,000 in the year ending Jan. 31, 1938, compared with $90,000 the preceding year. Lessing J. Rosenwald, chairman, received $75,000, compared with $71,250.

PHILLIPS SEES MORE HARMONY IN OIL INDUSTRY

Bartlesville, Okla., June 3.—(AP)—Hope of closer coöperation between government and the oil industry to bring about better conditions was expressed today by Frank Phillips of the Phillips Petroleum company after the disposal of anti trust charges against 13 major oil companies and 11 of their officers.

Phillips pleaded no contest with the other 12 defendant companies and 10 company officers at Madison, Wis., yesterday to charges of illegally fixing the margin of profit for midwestern indipendent wholesale gasoline jobbers. The defendants were fined a total of $360,000 and costs.

Phillips declared "reasonable restraints of trade are lawful," but said the indefiniteness of the Sherman antitrust act made it impossible in many instances to determine what conduct may violate the law. He defended his company's "effort to help restore prosperity by correcting trade abuses."

Day By Day Story of the Experimental Farms

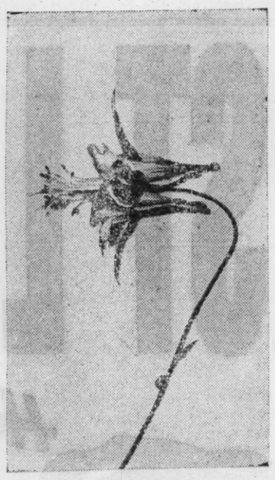
Flora of Chicagoland

[Wild Columbine.]

June 3, 1938.

THE wild columbine, or as it sometimes is called, the wild honeysuckle, is in blossom in Chicagoland. This popular, attractive wild flower grows so tall and has such a pleasing combination of red and yellow in its blossoms that even the most casual outdoor observer sees it in the woods and usually can call it by name. It is a favorite of many outdoor fans and landowners not only here in Chicagoland but also north through Wisconsin where the plant grows abundantly in hilly counties of the state.

Graceful, conspicuous, its flowers resembling gleaming jewels, the columbine generally shows a preference for rocky slopes. When we drove through the sandstone country around Wisconsin Dells, Wis., a few days ago we saw hundreds of these plants in blossom. The road wound through steep, rocky hills which pressed close to the highway.



Wild Columbine Flower.

Flourish on Hillsides.

Here was an ideal setting for the columbine. It contrives to secure a foothold in the most precipitous and uncertain places and flourishes in such locations.

On the farm the columbine shows that it is quite adaptable. There are no rocky slopes or steep hills where plants may grow. Yet many of these attractive wild flowers are scattered throughout the woods. This week we found them in blossom among the tall oaks, successfully competing with Solomon's seal, smilax, and other plants in the wood lots.

The columbine has five long funnel shaped petals which quickly narrow into long, erect spurs. The flowers are inverted on their long, slender stems and therefore offer a challenge to the bumblebees. We have watched the acrobatics of the bumblebee when it wants to get the nectar from the flowers. Being large and strong this bee isn't a bit worried about crawling into a flower and clinging upside down to the inside of the blossom while he raids the supply of nectar.

Has Only One Competitor.

Being able to perform like that the bumblebee must consider the columbine as one of its private storehouses of nectar, because it really has just one competitor . . . the humming bird.

Butterflies and smaller bees are unable to reach the nectar supply of the flowers. They get pollen only when they visit them.

We have some wild columbines planted in our garden so we have noticed how quickly and efficiently a humming bird reaches the nectar. With its long, slender bill it drains one flower spur after another with great speed and then flashes to another group of inverted cornucopias to repeat the quick work.

THREE CONCERNS CUT DIVIDENDS; ANOTHER OMITS

Sangamo Electric Profit to Exceed Payment.

Three dividend reductions and one omission were announced yesterday by American corporations. Sangamo Electric company, Springfield, Ill., maker of electrical accessories, trimmed its July 1 common stock payment to 15 cents, compared with the previous rate of 25 cents quarterly. The company paid a total of $2 a share during 1937, including 50 cents before a 2 for 1 stock split and 75 cents extra. The most recent extra was 25 cents Dec. 24.

R. C. Lanphier, Sangamo president, said earnings for the quarter ended June 30 will be in excess of the dividend payment, not including profit from British and Canadian subsidiaries, but that it was thought that a conservative dividend policy is proper under present conditions. He added that current earnings of the foreign subsidiaries is ahead of that of a year ago.

Preferred Payment Out.

American Capital corporation will pay only 25 cents July 1 on its $3 preferred stock. It paid 50 cents on arrears April 1 and a total of $3 during 1937. Arrears will stand at $9 a share on July 1.

West Texas Utilities company slowed payment of arrears on its $6 preferred issue by ordering only 50 cents paid July 1 in addition to the required $1.50 quarterly. It paid $2.50 each on Jan. 1 and April 1, and a total of $7.87½ last year.

The omission was on Hygrade Sylvania corporation common stock. The company paid 37½ cents April 1 and 75 cents Jan. 3, after distributing a total of $2.75 during 1937.

Noranda Mines, Ltd., declared an interim dividend of $2 a share for June 27. This is larger than either of the 1937 payments—$1.75 on June 30 and $1.50 and Dec. 23.

Mission corporation duplicated its $1 payment of last June. The company also paid 25 cents last December.

Among the corporations ordering payments the same size as those of the first quarter were W. T. Grant, 20th Century-Fox Film, American Gas and Electric, Pacific Telephone and Telegraph, and Van de Kamp's Holland Dutch Bakers, Inc. The latter will pay 6¼ cents quarterly and 6¼ cents extra on its common stock June 30. The 20th Century-Fox payment is 50 cents. The company paid $2.50 last year, including $1 on Dec. 15.

Speyer to Retire as Head of Old Banking House

New York, June 3.—[Special.]—James Speyer, banker and philanthropist, plans to retire soon as head of the 100-year-old investment banking firm of Speyer and company, it was learned today. Speyer, who will be 77 years old next month, plans to devote his time to other interests. Whether or not the banking firm will continue as heretofore has not been determined. The firm played an important part in financing the Union cause in the civil war.

Business Bits

"The Economics of Pump Priming" will be discussed by members of the University of Chicago Round Table at an open luncheon meeting of the Chicago Executives' association on Monday in the Blackstone hotel. The round table speakers will be P. H. Boynton, professor of English; H. D. Gideonse, assistant professor of economics, and T. O. Otto Schnering, president of the Curtiss Candy company, left yesterday for the annual convention of the National Confectioners' association in New York, beginning Monday. He said this will be the most important meeting the group has had, because it is launching a campaign "to correct some prevalent misconceptions about candy and to educate the public as to its true value as an energizing food."

The Chicago Mercantile exchange yesterday announced admission to membership of Irving E. Marcus, partner in Clement, Curtis & Co.; Robert E. Strauss, vice president of the American National Bank and Trust company, and Seymour S. Borden, vice president of S. S. Borden & Co., all of Chicago, and Leon J. Loffler of John H. Loffler & Son, New York.

H. A. Leander, vice president of the American Foundry company, has been elected a director of Reynolds Metals company. He succeeds W. S. Watts, who resigned from the board.

FREIGHT TRAFIC GAIN AGAIN MORE THAN SEASONAL

Coal and Ore Loadings Rise Last Week.

Increased movements of coal and ore were responsible for a more than seasonal gain in freight trafic during the week ended May 28, according to figures released yesterday by the Association of American Railroads.

Revenue freight loadings totaled 562,061 cars, an increase of 16,253 cars, or 3 per cent, from loadings of 545,808 cars in the week ended May 21. This gain held the decline from year ago figures to 228,442 cars, or 28.9 per cent, compared with a decrease of 229,266 cars, or 29.6 per cent, in the week ended May 21. Respective declines from corresponding 1936 figures were 84,751 cars, or 13.1 per cent, and 137,782 cars, or 20.2 per cent.

Coal Movement Increases.

An increase of 10,873 cars in coal movement last week was the major factor in improving comparisons with last year as well as the preceding week. Ore shipments, although up 6,328 cars from the preceding week, were 56,744 cars less than a year ago. The decline from year ago figures in the preceding week was 58,178 cars. Coal shipments were off 24,951 cars, compared with 30,083 cars in the preceding week.

Small gains were made in the movement of grain, forest products, and coke, but grain continued to be the only freight classification to be ahead of last year. The movement of less than car load shipments, miscellaneous freight, and live stock was slightly smaller than in the week ended May 21, as well as far below last year.

Group Loadings Compared.

The association's classified car loading report, with comparisons, follows:

	Wk. ended May 28.	Change from Prev. wk.	Change from Yr. ago.
Mdse. L. c. l.	148,525	—242	—22,786

ALUMINUM FIRM ACCUSED BY U. S. OF MANIPULATION

New York, June 3.—(AP)—The Aluminum Company of America was depicted today in federal court as having made "deliberate attempts to drive independent sheet rollers out of business" by ingot price manipulation as Walter L. Rice, special government counsel, concluded a three day opening address charging violation of the Sherman anti-trust laws.

Federal Judge Francis G. Caffey, hearing the case without a jury, adjourned court until Monday when William Watson Smith of Pittsburgh will open for the defense.

With Aluminum, 60 other defendants also are on trial, including Aluminum, Ltd., of Canada, alleged to be connected by business and blood relationship with the American company.

By manipulating the "spread" between its charge for aluminum ingot and sheet aluminum, Rice said, the company made it impossible for independents to carry on.

U. S. Printing Office Annex Job Goes to Eastern Firm

Washington, D. C., June 3.—(AP)—The treasury awarded today to McCloskey & Co. of Philadelphia, a $4,372,700 contract for construction of an annex to the government printing office here. Treasury procurement division records showed the company had been successful bidder on seven previous government construction contracts totaling $19,197,230 in the last eight years.

Department Store Sales 19 Pct. Below Year Ago

Sales of 265 department stores throughout the country were 19 per cent less in the week ended May 28 than in the corresponding week of last year, according to data made public last night by the federal reserve board. Sales for the four weeks ended May 28 showed a 15 per cent drop from the corresponding period last year.

Kalamazoo Pants Concern to Continue Sales Business

Lester Rosenbaum, president of the Kalamazoo Pant company, Kalamazoo, Mich., said yesterday the suspension of the company's manufacturing business will not affect the retail and wholesale operations. He asserted a headline in THE TRIBUNE yesterday indicated the company would suspend all operations.

Litchfield Plant to Reopen After 13 Months' Shutdown

Litchfield, Ill., June 3.—[Special.]—The Litchfield plant of the American Radiator-Standard Sanitary company will reopen Monday after a 13 months' shutdown on account of lack of orders. The plant will operate on a restricted basis.

WARM WEATHER, SPECIAL SALES AID GOLDBLATT'S

Promotion Campaign Now in Progress.

The arrival of warm weather and special promotional efforts are increasing the sales volume of Goldblatt Brothers' ten stores in the Chicago district, Nathan Goldblatt, secretary and treasurer, said yesterday.

Nathan Goldblatt.

The company, he reported, has spent approximately $3,000,000 for merchandise for its current sales promotion campaign. He estimated that sales for the ten day period, which began last Thursday, will reach a minimum of $4,000,000 and may with favorable conditions top that figure by $1,000,000.

The sales results, he said, are better than in the corresponding period last year when the company put on its special sales event.

Recent Decline Interrupted.

The improvement, Goldblatt said, has occurred despite the fact that business for the year so far has been running behind the corresponding 1937 months. The average gain in sales for all stores since the beginning of the special advertising and promotional campaign has been about 25 per cent, he said. The number of transactions, he added, is running about 50 per cent above a year ago.

The company's stores in the industrial areas, where purchasing power has been hardest hit, are showing some improvement but not as much as the other stores in the chain. The company's downtown store, Goldblatt said, is making the best showing, with the north side units ranking next.

In common with merchandisers generally, he said, the company is buying merchandise stocks on a current basis.

Inventories Below Year Ago.

The company has been favorably situated in buying stocks at current low prices because its inventory has been about 3 per cent less than it was a year ago. The prices it is now paying, he added, are about 25 per cent lower than last year, which has permitted the company to move a large volume of goods.

Goldblatt said the company has operated at a profit in each of the four week periods since the current fiscal year began on Feb. 1, although both volume of business and earnings are below last year. He indicated that results for the first six months of the fiscal year will show a decrease in volume from the comparable 1937 period of 8 to 10 per cent —less than average decline in department store sales since the beginning of the year, as shown by the federal reserve board's figures.

AUTO HEAD SEES TRADE REVIVAL AFTER HARVEST

Omaha, Neb., June 3.—(AP)—William S. Knudsen, president of the General Motors corporation, said here today general business should begin a gradual upclimb in August or September —after the harvests start coming in.

"Reports are coming in now that bumper harvests are expected in nearly all farm sections," he stated in an interview. "We cannot create all that farm wealth without having it affect general business favorably.

"We find that the business recession is affecting farm communities less than industrial centers, one reason being that the farm communities have been a little more levelheaded about adapting themselves to recession conditions."

Seasonal Peaks and Valleys.

Most industries have busy months and slack months each year, with production peaks and low points occurring with a high degree of regularity. A study of various indexes over a period of nine years showed that the output of steel ingots in the United States consistently reached its highest level in March in each of the years. February and April just about tied for second place as the best months, and in six out of the nine years the lowest point was reached in July.

Indexes of cotton consumption showed February was the best month in all of the nine years, with January second most of the time. The worst month for cotton consumption was July and August was next from the bottom.

Wheat flour production touched its high mark in September nine consecutive times, one qualification to this statement being that October tied with September twice during the nine year period. October was the next best month, on the average, and June was the worst, accounting for the low mark in each of six years. May was next to the bottom in each of these six years, and in three cases fell below June.

August appeared to have the edge as the best month in the production of lumber, but April made nearly as good a showing and May was third. The worst months, as indicated by the indexes for the nine years, were January and December.

Tomorrow: More peaks and valleys.

WHEAT CLIMBS; DAMAGE SHOWN BY HARVESTING

Yields in Southwest Are Disappointing.

CHICAGO GRAIN FUTURES

Closing prices on the July delivery of principal grains on the Chicago Board of Trade yesterday:

	Yesterday.	Thursday.	Year ago.
Wheat	$ .70⅝	$ .69⅝	$1.11
Corn	.57⅝	.57¼	1.22⅜
Oats	.26⅝	.26⅝	.42½
Rye	.50⅝	.50¼	.92½
Soy beans	.85	.84¼	1.53¼

Prospects for a record yield of winter wheat were somewhat dimmed yesterday as the result of reports from parts of Texas, Oklahoma, and Kansas indicating that the combination of damage from frost in April and early May, excessive rains and black rust would result in threshing returns being smaller than anticipated.

Although many operators believe that regardless of the damage the United States will harvest a large wheat crop, pronounced strength in the Kansas City and Winnipeg markets led to general buying, which lifted futures on the Chicago Board of Trade about 2 cents from the low point.

Profit Taking Reduces Gains.

Part of the upturn was lost to profit taking, but closing trades were at net gains of ⅝ to 1 cent a bushel. Kansas City wheat futures gained 1⅝ to 1¾ cents; Minneapolis, 1⅝ to 2 cents, and Winnipeg, 1¼ to 2¼ cents a bushel.

Corn and other grains showed only moderate strength. Corn closed ¼ to ⅝ cent higher. Net price changes in oats, rye, and soy beans were largely confined to small fractions of a cent a bushel.

Outside interest in the wheat market yesterday showed a tendency to broaden. Some buying of cash wheat and futures was attributed to mills which were reported to have received government orders for flour. The amounts were not stated.

Wheat Higher in Liverpool.

An advance of 2 cents a bushel in Liverpool wheat futures attracted some attention, although it was reported to have resulted largely from pre-holiday short covering. However, there was some improvement in the milling demand for cash wheat.

Generally fair weather prevailed in the southwest yesterday and Thursday, which was favorable for harvesting winter wheat. So far only scattered threshing returns have been received, largely from northern Texas and south central Oklahoma, but the general run of the reports indicated that yields were less than had been anticipated.

At the high point yesterday July corn had recovered 4 cents a bushel from the low level of May 31, reflecting trade apprehension regarding the outlook for the new crop, and intimations of a good export business. No sales of consequence would be confirmed yesterday.

OIL CHIEF SEES NO SHORTAGE IN WORLD'S SUPPLY

New York, June 3.—(AP)—There is no likelihood of a world shortage of petroleum even in the distant future, said J. E. F. De Kok, general managing director of Royal Dutch company, in his annual report released here today.

Regarding the question that "continually crops up" as to how long the oil fields of the world can continue producing sufficient quantities to satisfy requirements, De Kok commented:

"Thanks to the constant progress in technique, both in the sphere of geology and that of production, there is every reason to assume that even in the distant future there will be no cause for anxiety about the extent of the available oil reserves."

The executive of the Big World Operating company, with headquarters at the Hague, said regarding petroleum conditions in the United States:

"The year ended with a total estimated crude oil stock of 306,084,000 barrels, or upwards of 17,500,000 barrels in excess of that at the end of 1936. The increasing supply during the last quarter and the cessation of the seasonal demand led to a decrease in price for the products and in some cases to a reduction of the crude oil price."

MOST STAPLE FUTURES MARTS CLOSED TODAY

New York, June 3.—(AP)—The Saturday summer closing schedule to be observed by most commodity futures markets here will be inaugurated tomorrow with suspension of dealings for the extended week-end by the Coffee and Sugar exchange and the rubber and metals markets of the Commodity Exchange, Inc.

Hide trading on the commodity exchange will continue on Saturdays until July.

Wool associates of the New York cotton exchange, trading in wool top futures, will adopt the short week for two months only, July and August.

Cocoa closed the first Saturday in May, to continue through September. Raw silk operates on a 5 day week throughout the year. Cotton and cottonseed oil futures will make no change in existing schedules.

$30 Salesman Told He Once Had $2,500,000

New York, June 3.—(AP)—A $30-a-week salesman heard to his astonishment today that $2,500,000 worth of securities were assigned to his name without his knowledge last fall while he was nominally secretary of the First Income Trading corporation, an investment trust.

S. Leo Solomont—held on trust looting charges.

The salesman, John McKay, looked puzzled, then mildly pleased, when David Schenker, counsel for the Securities and Exchange commission conducting a hearing into investment trusts, explained the matter. The securities were the property of the Continental Securities corporation, one of the seven trusts allegedly looted by six men under indictment in District Attorney Thomas E. Dewey's investigation.

Gets $25 a Week "On Side."

McKay, employed as a salesman for the last five years, said he was engaged on the side at $25 a week to act as vice president of the Transatlantic Fund, and later as vice president and director of First Income, a job he resigned to become secretary.

He signed three or four papers a day, he said, and didn't always know what he was signing.

"Did they tell you," asked Schenker, "that they were going to assign you $2,500,000 worth of stock of Continental Securities and that you would have the discretion to sell it until you realized $700,000?"

McKay frowned slightly, shook his head and said: "No, sir."

Original Capital $5.

The men under indictment, according to Dewey, formed a company, the Fiscal Managament Company, Ltd., with an original $5 capital outlay, and contrived to get control of the seven trusts, with $16,000,000 combined assets, by using the marketable securities in the trust portfolios to negotiate loans which they used in payment for the stock of the trusts themselves.

S. Leo Solomont, counsel for the New York stock exchange brokerage firm of Payne, Webber & Co., which unwittingly acted as agents for the group, was arrested today in Boston. He is one of the six named in the Dewey indictment.

ADMITS SHIFT IN FUNDS

New York, June 3.—[Special.]—Stephen Paine of Boston, a partner in the brokerage firm of Paine, Webber & Co., thought it was "a little unusual" when securities from an investment trust portfolio were transferred from its account to one which two of its officers had for themselves with his firm, he testified today at the securities and exchange commission's inquiry into the alleged looting of millions of dollars from investment trusts.

Six men were indicted earlier this week as the "wizards" back of the asset shifting.

The firm referred to by Paine was the Insuranshares corporation of Delaware, one of the first investment trusts ever organized in this country, which fell into the hands of a group, some members of which have been indicted, accused of acquiring and looting such companies.

Officers Are Lawyers.

The officers into whose account part of its portfolio was shifted were Ralph H. Robb and S. Leo Solomont, both Boston lawyers, the latter counsel to Paine-Webber in that city, and now under arrest.

Solomont arranged with the brokers, Paine testified, for the sale of the securities of Insuranshares and for the issuance of $310,000 in checks, representing the proceeds and a loan backed by other of its securities. It now develops that these checks were used to pay for control of Insuranshares, following out the same scheme used in other instances. The checks were issued before the securities were handed over, and made possible purchase of stock control, which in turn enabled the sale and pledge of the securities to be hastily approved by new directors.

After this, which happened last December, Paine said that he saw that securities had gone from the Insuranshares accounts to that of Solomont and Robb. He said that Solomont told him that the two had been authorized to hold the securities for the company.

Thought It Unusual.

"I thought it was a little unusual," he testified, "and I asked Mr. Solomont if we shouldn't have papers to prove that it was approved. He said he would get them at the next meeting of the company, and he did."

Glowing reports by Canadian bankers on the character and ability of Alexander B. Beverly of Toronto influenced the J. Henry Schroder Banking corporation to sell the Continental Securities corporation to the group which allegedly looted it, Gerald Beal, president of the Schroder company, declared at the hearing.

"I had complete confidence in Beverly," he said. "We had so many good checks from so many first class people that the idea that Beverly was not ideal did not enter our minds."

Three Investors Testify in J. A. Wolf & Co. Quiz

Three investors in securities sold by J. A. Wolf & Co., 105 West Adams street, were called as witnesses yesterday at a Securities and Exchange commission hearing on the question whether the firm's registration as a dealer in unlisted securities should be revoked. Before Trial Examiner Arthur E. Boroughf the investors testified that the company had represented that the return on securities purchased by them would be greater than that which they received.

Sales of New Automobiles in the United States in the First Quarter of 1938 Were 52% as Large as in 1937

Many Officials Cut Holdings in Big Companies

Officers, directors, and large stockholders were more frequently sellers than buyers of securities in their own companies during April, the securities and exchange commission reported yesterday in its bimonthly summary of security transactions and holdings.

Elisha Walker—sells Armour shares.

Except during March, when sales and purchases were about evenly divided, persons associated with the management of big American companies have leaned toward the selling side of the securities markets since last October, SEC reports show.

Samuel H. Kress, New York, founder of the S. H. Kress & Co. chain of variety stores and now chairman of the firm's board, reported the sale of 22,851 shares of Kress common on April 2. He retained 1,152,541 shares in his personal account.

Paley Sells CBS Shares.

The sale of 5,000 shares of Columbia Broadcasting System, Inc., class A capital shares was reported by Samuel Paley, Philadelphia, Pa., a director. H. E. Manville, chairman of the executive committee of Johns-Manville corporation, big asbestos company, disposed of 15,000 shares of Johns-Manville common stock. He retained 15,240 shares in his personal account and reported that Stellar corporation held 80,109 shares in which he has an interest.

Elisha Walker, New York, a member of the executive committee of Armour & Co. [Illinois], reported that a partnership in which he has an interest disposed of 5,000 shares of Armour common. The partnership retained 55,120 shares.

William D. Thornton, New York, a director of Anaconda Copper Mining company, reported the disposal of 4,800 shares of Anaconda common.

Raskob Reports Sale.

The sale of 10,000 shares of General Motors common stock held through a holding company was reported by John J. Raskob, a General Motors director. Raskob's proportionate interest in the shares was not shown.

Transactions in the utility group included the sale of 5,335 shares of North American Company common through a holding company by Harrison Williams, New York, a director of North American. H. Hobart Walker, New York, a director, disposed of 3,200 shares of American Water Works and Electric company common, and James M. Hutton, a director, disposed of 4,000 shares of Columbia Gas and Electric corporation common.

The summary also disclosed the number of General Motors corporation common shares received by General Motors officers in distributions for 1937 under the corporation's bonus plan. A total of 252,086 shares was distributed. Alfred P. Sloan Jr., chairman of the General Motors board, recently announced his voluntary withdrawal from further participation in the company's profits under the bonus plan. His withdrawal applied to participation in 1937 profits.

4,820 Shares to Knudsen.

William S. Knudsen, Detroit, Mich., president of General Motors, received 4,820 shares of the company's stock, the largest number received by any officer. Other officers who received 500 shares or more include the following:

A. C. Anderson, Detroit, controler, received 750 shares; Albert Bradley, New York, vice president, 3,410 shares; Donaldson Brown, New York, vice president, 3,410 shares; M. E. Coyle, Detroit, vice president, 2,500 shares; Ronald K. Evans, Detroit, vice president, 1,500 shares; William A. Fisher, Detroit, vice president, 500 shares; R. H. Grant, Detroit, vice president, 2,842 shares.

Ormond E. Hunt, Pontiac, Mich., vice president, 2,842 shares; William S. Knudsen, Detroit, president, 4,820 shares; James D. Mooney, New York, vice president, 2,842 shares; Meyer L. Prentis, Detroit, treasurer, 1,182 shares; John J. Schumann Jr., New York, a director, 2,170 shares; John T. Smith, New York, vice president and general counsel, 3,410 shares; F. O. Tanner, Detroit, vice president, 1,000

UNCLE SAM WILL LET BANKERS SEE MUSEUM: NEW GOLD FORTRESS

New York, June 3.—[Special].—Uncle Sam is going to open the bag he has been holding for quite some time for Europe and Asia. But only long enough to let 1,800 bankers take a peek at its contents—about 6 billions in gold of the nearly 13 billions of the monetary metal now in this country.

Some time between June 6 and 10, the bankers will visit the most exclusive museum in the world—the government depository at Fort Knox, Ky. The bankers will be delegates to the American Institute of Bankers' convention at Louisville. It will be the first time that the treasury department has allowed private inspection of the hoard.

Three millions more in gold has just arrived from abroad, making the nation's gold stocks worth $12,918,487,000, a new all time high. The United States imported $13,600,845 of gold in the week ended May 27, mostly from Japan and Sweden.

BRAZIL HALTS COTTON BARTER WITH GERMANY

RIO DE JANEIRO, June 3.—(AP)—The Bank of Brazil today, in effect, suspended Brazilian raw cotton exports to Germany, opening the way for German cotton purchases in the United States.

Finance Minister Arthur de Souza Costa said the suspension affected only Brazilian exports payable in German compensation marks.

"We had a quota of 62,000 metric tons of cotton we could export to Germany," he said. "The 1938 quota has been filled."

The finance minister added that Germany still could buy Brazilian cotton by paying other than German currencies. Other authoritative sources, however, predicted Germany would prefer American to Brazilian cotton on that basis.

Basis for Trade Explained.

New York, June 3.—(AP)—The compensation mark, medium of Germany's purchases of Brazilian cotton before the suspension of such purchases, had a specific trade value in barter transactions in terms of the Brazilian milreis.

Foreign exchange dealers said it was difficult to estimate the price Germany paid for the Brazilian fiber. The compensation mark has been used widely in barter deals with the value determined on the basis of the currency value of the other nations with which Germany traded.

PULLMAN'S RATE BOOST PLEA GOES TO ICC FOR STUDY

The Pullman company's petition for a 10 per cent increase in its charges was taken under advisement by the interstate commerce commission in Washington, D. C., yesterday after argument by a company attorney and opposing counsel representing the National Association of Utilities Commissioners.

A suggestion that an increase in lower berth charges without a corresponding increase in upper berth rates would tend to produce better financial results than a flat increase in all rates was advanced by a member of the I. C. C.

Commissioner Claude R. Porter said it always has been a problem to sell upper berths. He asked L. M. Greenlaw, company attorney, if it would not be better to confine any increase to lower berths to attract passengers to the uppers.

Greenlaw replied that most people who ride in lower berths will do so regardless of a price increase.

Chicago Air Passengers Show Gain Over May, 1937

Passengers departing from the Chicago municipal airport during May totaled 13,806 an increase of 14 per cent over May, 1937, and 18 per cent more than in April, 1938, airport officials said yesterday. During the first five months of this year 54,403 passengers departed from the airport, whereas in the corresponding 1937 period the total was only 42,175.

N. Y. Telephone Subscriber List Gains at Slower Pace

NEW YORK, June 3.—(AP)—The New York Telephone company reported today that the number of its subscribers increased by 4,040 in May compared with a gain of 13,840 for May, 1937.

Stocks Barely Move, but That Is Downward

[Chicago Tribune Press Service.]

New York, June 3. — [Special.]—Stock market prices drifted irregularly lower today in an extremely narrow range as volume of trading shrank to 284,850 shares, the lowest for a full day's activity since Aug. 20, 1934, and one of the smallest turnovers in the last 18 years.

Losses were not large at any time and at the close pivotal issues showed only minor changes from preceding final quotations. Mixed tendencies in the first two hours gave way to a definitly lower trend in the early afternoon, after which there was little spread one way or the other. A good deal of the business today was said to have resulted from evening up and switching operations.

Confusing News Causes Caution.

Observers said today's stagnation was chiefly due to the desire of many operators to appraise the highly complex legislative picture, and the mixed trend of business statistics also occasioned caution.

Aviation issues gave one of the few good performances, maintaining a firm tone throughout the morning and holding steady when the general list eased.

Steels and motors slipped minor fractions for the most part, with United States Steel and Bethlehem active in the former group. Chrysler proved an exception, gaining a fraction on late support.

Copper shares, notably International Nickel, Kennecott, and Anaconda, were among the most active issues of the day.

Railway Shares Sag.

Railroad shares failed to respond to the rise in car loadings and the majority of leaders lost small fractions.

Action in the utility shares was said by observers to have reflected the uncertainty concerning the industry because of the favorable statement of Chairman Douglas of the securities and exchange commission and the senate's defeat of the attempt to curb publicly owned utility plants in competition with privately owned companies.

General Electric and Westinghouse, in the electric equipment group, were actively lower. Rubbers were mixed in a narrow range. Oils were mostly lower, with Standard of New Jersey dropping 1⅛ points.

Du Pont dropped nearly 2 points in the chemical division.

Market Values Fall in May.

The total market value of 1,251 issues listed on the New York exchange on June 1 was $34,584,614,803, compared with 1,257 issues with a market value of $35,864,767,775 a month earlier, and 1,230 valued at $57,323,818,936 a year earlier. The average market price of listed shares on June 1 was $24.28, against $25.15 on May 1, and $41.27 on June 1, 1937.

Sale of a stock exchange membership was arranged today at $58,000, a drop of $3,000 from the previous sale a month ago. The low mark for membership this year was $52,000 last March, which also was a record minimum since 1918. The 1938 high was $75,000 in January.

U. S. WAR OFFICE BUYS 26 AMPHIBIAN PLANES FOR RESCUE SERVICE

Washington, D. C., June 3.—[Special.]—A contract for 26 Grumman Model G-31 short range amphibian airplanes, with spare parts, was awarded by the war department today to the Grumman Aircraft Engineering corporation of Bethpage, Long Island, for $1,412,917.

The planes will be assigned to air corps stations on the coasts and in the insular possessions where overwater flying is required, and where the amphibians will be used primarily as rescue craft.

The planes are powered with two Pratt and Whitney Wasp Junior engines and will have a top speed of more than 185 miles an hour. The normal cruising range is 500 miles.

The department also awarded a contract for 173 camera machine gun assemblies of 16 mm. type H-1 to the Fairchild Aerial Camera corporation of Jamaica, Long Island, for $61,657. A contract for 164 type B-3 drift meter assemblies was awarded to the Keuffel and Esser company of Hoboken, N. J., for $210,125.

LOYALIST SPAIN SELLS 2 MILLION SILVER TO U. S.

Treasury Discloses Agreement.

The United States treasury has agreed to purchase about $2,000,000 worth of silver sent to New York recently by the Spanish loyalist government, treasury officials announced in Washington yesterday.

Arrangements for the purchase were understood to have been completed Thursday when the Spanish ambassador conferred with Secretary Morgenthau. It was reported in Washington, although not confirmed, that representatives of the Spanish insurgent government had tried to block the sale, which would give the loyalists credits in this country.

Price to Be 43 Cents.

The silver will be bought at the regular treasury buying price of 43 cents an ounce, the treasury said. The metal was part of a cargo first thought to contain many millions of dollars' worth of gold, but later found to be a far smaller amount of silver.

The commerce department reported that the United States imported $13,600,845 worth of gold in the week ended May 27, compared with $16,420,817 in the preceding week. The largest shipment was $5,799,692 from Japan, and other large shipments included $3,840,000 from Sweden and $1,817,682 from Mexico.

$5,871,623 in Silver Imported.

Imports of silver for the period were $5,871,623, compared with $1,403,065 in the preceding week. Largest importation of silver was a shipment of $4,301,308 worth of Chinese silver coin received from England.

The United States dollar declined moderately in terms of most European currencies yesterday in foreign exchange dealings. The British pound finished ⅜ of a cent higher at $4.94⅞, and the French franc 0.00⅝ of a cent higher at 2.77¾ cents. The Netherlands guilder and the Belgian belga each rose 0.04 of a cent and the Swiss franc advanced 0.01½ of a cent.

WEEK'S RETAIL TRADE UP, BUT IS BELOW YEAR AGO

New York, June 3.—[Special.]—Retail sales this week displayed the strongest upturn in more than a month, with volume 3 to 8 per cent ahead of the previous week, although it remained 10 to 18 per cent below the 1937 comparative figures, Dun & Bradstreet, Inc., reported today.

Sales of women's wear gained sharply, with the emphasis on dresses, accessories, shoes, millinery, jewelry, beach wear, and toiletries, the weekly review said. Graduation dresses moved to the foreground and there was a spurt in the call for wedding outfits.

Reversing the general downward trend of last month, retail trade was heavier in some cities of the middle west, but the drop from a year ago was deepened to 15 to 35 per cent. After forty consecutive days of rain, shoppers of the northwest bought heavily, although sales fell 3 to 12 per cent short of the 1937 level.

Buying in the principal wholesale markets failed to gather the momentum customary at the opening of the summer retail selling season.

COURT QUASHES U. S. SUIT AGAINST BETHLEHEM CO.

Philadelphia, Pa., June 3.—(AP)—Federal Judge Oliver B. Dickinson dismissed today the government's long pending suit for $20,000,000 from the Bethlehem Steel corporation, but denounced the company for "squeezing the government" while it was building ships for the world war.

"Cost plus 10 per cent" wartime contracts were the focal point of the government's suit, brought by the United States maritime commission, successor to the Emergency Fleet corporation.

Judge Dickinson awarded the company an unpaid balance of $5,661,154, with 2 per cent interest since 1922. He said he could not do otherwise under the contract between the government and the company.

He denounced bonus features of the contract, declaring: "Execution of a bonus for doing what it was the contractual duty of the employé to do and what it was otherwise paid for doing partakes of the nature of a racket."

OIL WELL TESTS PROVE ILLINOIS FIELD ELUSIVE

Olney, Ill., June 3.—(AP)—The North Olney field remained a puzzle today after the Muhlbach company reported its O'Donnell No. 1 well, west offset to the Discovery well, had struck nine feet of saturation. The test had a depth of 3,037 feet.

Arthur Muhlbach, owner, said he believed the well would be better than the University of Chicago No. 1 of the Pyramid Oil company, which reported an initial 24 hour production of more than 1,000 barrels.

The Texas corporation reported only a foot of saturation in its Zerkle No. 1, near the Discovery well, but was drilling deeper. The company reported a saturation "impossible for production" in its Zerkle No. 2 well. The Pyramid University of Chicago No. 2 well was reported dry several days ago at 3,137 feet.

Swift Named by Wallace in 'Desist' Order

[Chicago Tribune Press Service.]

Washington, D. C., June 3.—[Special.]—Swift & Co., Chicago packing firm, today was ordered by Secretary of Agriculture Wallace to cease using what Wallace termed "discriminatory credit, discount, and weight practices" in the sale of its products.

The order was the outcome of an investigation extended over seven years on a complaint that the company had employed "unfair, unjustly discriminatory and deceptive practices" in selling its products in several eastern states. The hearings, held by authority of the packers and stockyards act which gives the department of agriculture power to supervise interstate commerce activities of packing firms and live stock markets, were conducted in New York City by a trial examiner of the agricultural department.

Credit Practices Cited.

In his order Secretary Wallace cited three instances of alleged violation of the packers act:

1. It was charged that between Jan. 1, 1930, and Jan. 16, 1937, the firm extended credit to certain customers for 30 to 90 days, while during the same period under similar circumstances it limited credit to others to from 5 to 7 days.

2. During the same period, the order charged, the company gave certain customers discounts but refused to extend such discounts to others under similar circumstances.

3. It was asserted the firm charged certain buyers of wrapped and packaged meats according to net weights stamped on the packages at time of packing, while other buyers were charged according to actual net weights at delivery. The order charged that actual net weights often ranged from one to three pounds less than stamped weights on 50 and 100 pound packages.

Company Denies Discrimination.

Swift & Co., in denying discrimination, stated that in the meat industry it is impossible to maintain uniform prices or a uniform price differential between various classes of customers. The firm declared that granting of longer credit terms to hotel and restaurant customers than to others was necessary under competitive conditions, and denied that such credt terms violated the act.

The investigation resulted in bringing eight specific complaints against the packing firm on which hearings were held last March. The order issued today found insufficient evidence to support five of the complaints.

Complaints Held Groundless.

Among complaints held to be without ground were charges that the packing firm withheld large freight shipments from water carriers to force purchase of its food products; that the company had sought to manipulate and control products which it distributes in the states of Connecticut, Massachusetts, New Jersey, New York, and Pennsylvania and that it required some customers to pay for containers in which certain products were sold, while favored customers paid no charge for containers and thus received a form of discount.

The Wallace order was dated June 1 and became effective on that date, the department announced. It is expected that the packing company will appeal to the courts against his order and seek exoneration on all eight counts of the department of agriculture complaint.

YOUNG AND KIRBY TO BE DIRECTORS OF OTHER ROADS

Washington, D. C., June 3.—(AP)—Robert R. Young and Allan P. Kirby, dominant figures in the Alleghany corporation and the Chesapeake corporation, top holding companies in the railroad empire founded by the late Van Sweringen brothers, received permission today to hold additional railroad directorships.

Young, now a director of the Chesapeake and Ohio Railway company, was authorized by the interstate commerce commission to serve as a director of the New York, Chicago and St. Louis [Nickel Plate] railroad. Kirby, already a director of the Pere Marquette Railway company, also was authorized to serve as a director of the Nickel Plate, as was William H. Wenneman of Cleveland, another Pere Marquette director.

BUSINESS BOOKS

"Condemnation Appraiser's Handbook," by George L. Schmutz. [Prentice-Hall, Inc., 70 5th avenue, New York, N. Y. Price $5.]

The author, who is valuation engineer for the city of Los Angeles, Cal., states that his purpose in writing a book on condemnation appraisal procedure is to serve the needs of persons of little experience who may some time have need of a general knowledge of the subject. The book is divided into four parts, "Appraising the Entire Property," "Condemnation Proceedings," "Appraising the Part and Damages," and "Miscellaneous Matters," such as writing reports, preparation of charts, and ethical considerations.

"The Margin Trader," by Kemper Simpson, former economic adviser to the Securities and Exchange commission. [Harper & Brothers, 49 East 33d street, New York, N. Y. Price $2.]

This book analyzes the practice of margin trading and of the consequences which result from it. The effects of margin trading on margin traders themselves, investors, brokers, and the economy in general are also discussed. In regard to the success of the usual margin trader, the author comments:

"Any honest broker will tell you that the life of the average margin trader is not long. Like summer flies, the margin traders are wiped out with the turning of the leaves."

N. Y. EXCHANGE, SEC DECIDE ON FRIENDLY TALKS

Crackdown Policy Is Out, Douglas Hints.

New York, June 3.—[Special.]—At a meeting with New York Stock exchange officials here today, William O. Douglas, chairman of the Securities and Exchange commission, announced the adoption of a policy of round table discussions to iron out differences between the SEC and the stock exchange and indicated that the old "crackdown" policy definitly is out.

W. O. Douglas.

From his office in Washington Douglas issued a statement earlier in which he suggested that the utility companies could do much to help themselves and to attract new capital by recapitalizing. He declared that 46 per cent of the $3,860,000,000 of outstanding preferred stocks of registered utility holding companies and their subsidiaries are in arrears. He indicated he was hopeful that the controversy between the government and the utilities will be settled soon.

Has Parley with Martin.

Douglas discussed the new attitude on the part of the SEC in the office of William Martin, former St. Louis broker who recently was elected head of the nation's largest stock exchange. His word of cheer came on a day when transactions on the New York exchange totaled only a little more than 284,000 shares—the smallest volume of trading for a full day since Aug. 20, 1934.

"We hope to solve any problems that confront the stock exchanges of the nation and the SEC in weekly or twice a week meetings between exchange officials and ourselves," Douglas stated. "We hope to solve such problems in the round table manner. The so-called crackdown is the antithesis of the round table."

Douglas said that in the coming months members of the SEC's Washington staf will keep in close touch with officials of the stock exchange by frequent trips to New York.

Urges "Joint Approach."

Discussing the present state of relations between the SEC and the stock exchange, Douglas declared that there is a calendar of unfinished business. "But it is not the method, but the joint approach, which is the important thing," he said. Solutions of most of the present problems are mostly in the conversational stage, he declared.

Douglas said that in his opinion the round table method should work out satisfactorily and that if it does there will be no need, in his opinion, of more laws to govern the exchange.

The attitude shown by Douglas today was in marked contrast to his remarks made in New York last November, in which he indicated to the stock exchange that it had better "clean house or else." However, earlier this year he indicated a somewhat conciliatory attitude toward the stock exchange business in Chicago talks.

November Speech recalled.

In his crack-down speech on Nov. 23 Douglas declared that adequate safeguards must be thrown about the New York and other stock exchanges or the SEC would act. He asserted that he would prefer to see the exchanges reform themselves to prevent artificial stock market fluctuations, but if they did not more extensive commission regulation might result.

Douglas was asked today if the SEC had any plans under consideration which might stimulate business on the stock exchange.

"Our idea is to help the stock exchange to do its job properly," he answered. "To the extent we help make it a strong, healthy business we will help to increase its volume."

Touching on the utility situation, Douglas said:

Now in "Action Stage."

"Relationships between private utilities and the SEC are the best they have ever been. Solutions should begin to shape up within the next month. Our negotiations are out of the talk stage and into the action stage. I am very hopeful about the outcome."

The Washington statement issued by Douglas said that the approximately $432,000,000 of accumulated unpaid dividends on the preferred stock of the utility companies is a problem which must be solved. He outlined a program for coöperation between business and government in the financial rehabilitation of a substantial part of the utility industry.

The goal, he said, is to unfreeze, by means of recapitalization, the capital structures of many units of the industry, which is now bogged down by the accumulated dividends.

Celanese Stockholders Approve Issue of Bonds

New York, June 3. — [Special.] — Stockholders of the Celanese Corporation of America today approved issuance of debentures or other funded obligations of an unsecured nature up to $20,000,000 principal amount at such times and on such terms as the board of directors may determine. More than 76 per cent of the $16,481,800 of 7 per cent prior preferred stock approved the proposal.

Stocks, Bonds

New York Stocks.

New York, June 3.—(AP)—The bond market split its course today and many issues gave up the advances recorded Thursday.

New gains were added by a mixed group of corporate loans, the most prominent of which were Republic Steel 4½s, up 1¼ at 82¼; Santa Fe stamped adjustment 4s of '95 at 81, up 2, and California-Oregon Power 4s at 87¾, up 1¾.

The rest of the list was well studded with minus marks. It appeared that traders were ready early with selling orders to cash in on any further rise in token of the previous day's good news on the sale of the $100,000,000 issue of United States Steel debenture 3¼s.

Parts of the United States government list also turned a bit soft. Except for sharp gains in treasury 4¼s and federal farm 2¾s on small trades, the federals closed 1-32d to 6-32ds lower.

Rails were well represented in the loss column, and so were industrials. Several foreign obligations improved 1 to 3 points on small turnovers.

Transactions totaled $4,075,200, against $4,668,925 yesterday.

Chicago Stocks.

Stocks resumed their decline at the Chicago Stock exchange yesterday after registering small gains Wednesday and holding their own Thursday. Sales totaled 42,000 shares, including 32,700 Commonwealth Edison rights, compared with 95,000 shares, including 83,500 Commonwealth Edison rights, Thursday.

Of the 59 issues traded, 24 declined, 10 advanced, 24 held unchanged, and one was a new issue. THE TRIBUNE average of 20 stocks finished 0.07 lower at 7.95. Small losses were made by Marshall Field, Commonwealth Edison, and Cities Service common. Chicago corporation common and Swift & Co. capital stock were higher.

Bank Stocks.

Continental Illinois and First National bank shares each declined $1 yesterday in a quiet market. Continental was quoted at $55 bid, $57 asked. First National was at $164 bid, $168 asked. Harris Trust and Savings stock, quoted by some dealers at $275 and by others at $280 bid in the last few days, was down to $270 bid, $280 asked yesterday. One dealer quoted the issue as low as $268 bid. American National stock was quoted at $162 bid by some dealers, and $2 lower by others after opening at $165 bid. City National advanced $1 a share, Northern Trust was unchanged, and Chicago Title and Trust eased $1.

MAY AUTOMOBILE SALES IN COUNTY 54.4% UNDER '37

Total Is 6,612 in Month; 9.2% Below April.

New automobile registrations in Cook county during May fell 9.2 per cent below April registrations and 54.4 per cent from the total for May, 1937, according to figures released yesterday by the Bureau of Motor Advice. The total last month was 6,612 against 7,283 in April this year and 14,518 in May, 1937.

Registrations in the first five months of this year totaled 32,665, compared with 63,130 in the same period a year ago, a drop of 48.6 per cent. May registrations last year showed an increase of 1,006 over April registrations.

Two Makes Gain.

Sales of all makes of cars except Buick and Hupmobile were lower in May than in April and all makes were far below sales in the corresponding month of last year, except Hupmobile.

There were only two changes in the relative position of the different automobiles in sales volume. The first ten makes held their respective positions of last month, led by Chevrolet, Ford, Plymouth, and Buick, in that order. Nash-Lafayette and Cadillac-La Salle changed places, Nash-Lafayette rising to eleventh place and Cadillac-La Salle slipping to twelfth position. Lincoln passed Hudson in sales, moving up from fifteenth to fourteenth place.

Sales of Chevrolets declined to 1,210 units in May from 1,283 in April and 1,947 a year ago. Ford sales dropped from 1,129 in April to 1,055 in May, and Plymouth sales totaled 1,015 in May compared with 1,043 in April.

Buick increased its sales in May to 798 from 791 in April, and sales of Hupmobiles increased to 10 from 6 in April.

Jewel Tea.

Investors' Guide: Will you please give me data covering the Jewel Tea Co., Inc., Barrington, Ill.?—N. J. G.

Answer: Principal business of the Jewel Tea Co., Inc., is still the direct-to-consumer distribution of coffee, tea, and specialty grocery items, although this business has been supplemented with a growing chain of self-service food stores in Chicago and vicinity. The company had 109 stores at the end of 1937.

Direct-to-consumer distribution is accomplished by means of fixed automobile routes which cover more than 6,000 towns in forty-three states and the District of Columbia. More than 1,000,000 customers are served in this manner, the company has reported.

Business is stimulated on the automobile routes by the giving of premiums to customers. The premiums are given in advance with the first purchase and paid for with future purchases. Sales contests and campaigns conducted by the company to increase the effort of the sales force.

Jewel Tea imports and processes its own coffee, sales of which account for 43 per cent of total sales volume. Sales of tea account for 5 per cent of total volume, other groceries 25 per cent, and another 27 per cent is accounted for by premiums, miscellaneous toilet articles, and soaps.

The company has about 58 products in its regular grocery line sold on the routes. About thirty-two of these are manufactured at the company's plant in Barrington, Ill. The routes are operated from about 86 distributing branches grouped in ten districts.

Sales for the sixteen weeks ended April 26 rose to $7,319,658 from $6,960,386, an increase of 5.1 per cent. The record of earnings in recent years follows:

	Sales.	Net income.	Earned per share.
1937	$23,277,441	$1,452,120	$5.19
1936	20,762,707	1,794,101	6.41
1935	18,804,498	1,536,186	5.49
1934	17,217,177	1,243,123	4.44
1933	14,377,593	909,325	3.25
1932	11,090,562	1,053,626	3.76
1929	16,844,110	1,691,302	6.04

The company had 274,523 no par common shares outstanding at the end of 1937. The shares pay $4 a year. A 75 cent extra was paid last year.

Total assets of the company were $10,016,235 at the end of 1937. Current assets were $5,623,974 and current liabilities were $1,191,868.
